#### Print and Copy Discs Quickly

With a CopyDisc 4 OptiPrinter Pro XC integrated duplicator and printer you can output hundreds, even thousands of fully prepared, professional discs time after time at an affordable price.

#### Printers

The CopyDisc 4 OptiPrinter Pro XP duplicator is fitted with the very best CD/DVD publishing solutions on the market built for photo-quality inkjet printing – the OptiPrinter Pro, the most cost effective inkjet disc printer available.

#### Easy to Use

Fitted with industry leading DVD±R drives you can always be assured of the latest burning technology. In standalone form (no PC required), simply load the master disc onto the CopyDisc 4 OptiPrinter Pro XC's input spindle and the robotic arm will pick up and place the disc into the high-speed drives and once burnt each disc will be placed systematically into the waiting printer. You can choose whether you want to print discs, copy discs, or do both in the same job. Data and print images can be copied onto the internal hard disc drive to store jobs to be run at a later date. The CopyDisc XC integrated series has been specifically designed to fit with any environment. Its small footprint means that it will sit on most workbenches or desks and combined with the also sturdy and reliable metal framework construction the CopyDisc 4 OptiPrinter Pro XC integrated series is the perfect solution for the professional production house .

#### Networking

If you want to run your CopyDisc 4 OptiPrinter Pro XC directly from your PC or connect it to an existing network. then the optional TrueNET2 software allows you to queue jobs, link information from a database and share the CopyDisc 4 OptiPrinter Pro XC with multiple users throughout the network.

#### Warranty

12 months back to base, all parts and labour included. Extended warranties also available.

#### Options

TrueNET2 Networking Software (compatible with Windows 2000 and XP)
